### French IP boutique makes up two partners

French boutique Cabinet Beau de Loménie, specialising in patent and trademarks, has nominated two new partners: **Pierre-Louis Désormière** and **François Delumeau**. This brings the partner count up to six.

Prior to joining Cabinet Beau de Loménie in 1998, Pierre-Louis Désormière began his career in a computer services company. His engineering specialties are electronics, computer science, material sciences in the field of aviation/aerospace, telecommunications, electricity and mechanics.

François Delumeau is a French and European patent attorney. He has focused on intellectual property since 2000 and joined Cabinet Beau de Loménie in 2003. His engineering specialties are computer science, electronics and telecommunications.
